

Students in grades kindergarten through twelve will receive a progress report at the end of each semester. Parents are encouraged to monitor student progress through the online grading system. Students who are doing poorly, and their parents, will be notified prior to the end of the grading period in order to have an opportunity to improve their grade. The board encourages the notification of students who have made marked improvement prior to the end of the grading period.

Parent-teacher conferences will be held twice a year in the middle of the semester at the elementary school, middle school, and high school. Parents, teachers, or principals may request a conference for students in grades kindergarten through twelve at any time during the year. Parents and students are encouraged to discuss the student's progress, or other matters, with the appropriate teacher(s) as needed.

Twice a year, parents of students in grades K-3 will receive results of their child's district reading assessment. Parents will be notified of strategies and interventions that can be done at home and at school. Parents will be asked to sign a form that indicates these actions, and these forms will be filed in students' cumulative records.
